Bibliography

I am a local student, currently working full time in the Data & Analytics field.
My professional background includes Electrical Engineering, Sales, Operations and IT.
My hobbies include running and rock climbing.

My favorite quote is:

"Plans are worthless, but planning is everything" - Dwight D. Eisenhower

This is my favorite quote because it describes the inherent chaos in life whilst at the same time stating even in the face of that, planning is essential.

University

My Units

- Unit Code: **SIT774**; Unit Name: **Web Technologies and Development**

My favorite unit is SIT774 because it is the only unit I am undertaking this trimester :).
