

The following three **images** and **text** are each held within `div` block that the class attributes `p-4 mb-4 bg-primary-subtle rounded`, to set the padding, margin-below, background colour and corner shape, respectively. Each **Image & Text** holds a `row`, with the text assigned to 7 column units `col-sm-7` and the image is assigned to `col-sm-5`; allowing the text and images to span 5 and 7 column units respectively on screens greater than 576px units. Added to each of these two columns is the `col-12`, which says when the screen is smaller than 576px, it will then use all 12 columns grids for each image and text, allowing them to be stacked on top of each other.

Here, the class `img-fluid rounded` has been applied to the image. The title above uses `p class="lead"` to make the text standout. While this text uses the `p class="small"` to distinguish it from the normal paragraphs.

Another picture showing the diverse range of colours and styles that baseball caps come in. Here the class `img-fluid rounded-pill` applied to it.

Summary

The next and final section is the **footer** which uses `div` styled with the class `container-fluid p-2 bg-dark text-white` to align the paragraph text in centre of the container.
